“The Best of Germany & Austria”

We recently returned from a 10-day trip with European Castles Tours. Unbelievable! We were met at the airport in Frankfurt and began our tour with a relaxing scenic cruise on the Rhine. After getting to know our fellow travelers (we lucked out and had a small group, only 4 of us!) we checked into a beautiful hotel just steps from the Rhine.

The next day began what I can only describe as the trip of a lifetime. We visited several castles, a 10th century abbey, numerous cathedrals, beer gardens, centuries-old restaurants, had a wine-tasting evening, took the night watchman's tour in a medieval walled village, learned how to make strudel, sang along with a Tyrolean dinner show, took funicular rides, ate tons of pastries and sat in many market squares to people-watch.

I can't say enough wonderful things about European Castles Tours and our guide, Federico. Service was first class, the hotels were all centrally located and the included dinners were at fine restaurants; breakfasts were plentiful too. I'm so glad that there are tour operators such as this to make your travel experience the best that it can be.

I can't say enough positive things about European Castles Tours. In fact, we're planning on using them again to tour Italy. Book them, you won't regret it!
